THE HIGHLIGHTS

The 2019 Summit focused on Playing for the Next Generation, where we gathered the players in the sports greening movement in Philadelphia to reflect on our past accomplishments, to celebrate our successes, and to make a renewed commitment to the future of the next generation.

The LEED Gold Certified Lincoln Financial Field, home of the Philadelphia Eagles, played host to this year’s Summit and offered attendees a chance to visit and reconnect with one of the birthplaces of sports greening. The Philadelphia Eagles believe that the path to sustainability is a journey, not a destination and inspired Summit goers by telling their story--beginning with blue recycling bins under each employee’s desk and how it’s grown to a company-wide program. Summit attendees saw the Eagles’ World Championship Vince Lombardi Trophy during a locker room tour, explored back-of-the-house sustainability practices, and learned about the work the City of Philadelphia is doing to advance environmental and social justice initiatives within their region.

The Green Sports Alliance was proud to host a successful Summit in the City of Brotherly Love and remains committed to bringing together leaders throughout the sports industry at the Summit and new convenings in the future.

2019 SUMMIT BY THE NUMBERS:

1. TASTE OF PHILLY EVENT
2. YOUNG EMERGING PROFESSIONALS IN SPORTS & SUSTAINABILITY ROUND TABLE DISCUSSIONS
3. NETWORKING RECEPTIONS
3. SUSTAINABLE FACILITY TOURS
6. PLENARY PANELS
6. KEYNOTES
11. PRESTIGIOUS AWARDS GIVEN AT THE GREEN SPORTS CELEBRATION
12. BREAKOUT SESSIONS
21. NONPROFIT AND GOVERNMENT COMMUNITY PARTNERS
33. VENDOR SHOWCASE EXHIBITORS
It’s energizing to be surrounded by such passionate experts in the sports operation industry. As an experienced corporate sustainability professional, I am astounded at the untapped, but impactful potential that remains within sports and I can’t wait to be a part of transforming the industry!

KRISTEN FULMER
Founder, Recipric

- 2019 Green Sports Alliance Summit - Highlights and Interviews
- Green Sports Alliance Summit Includes the Sustainable Green Printing Partnership
ENVIRONMENTAL CONSIDERATIONS

EXHIBITS
Summit exhibitors follow best practices to reduce their impact:

- Exhibitors asked to use non-dated, event neutral designs so leftover items may be used at future events
- Exhibitors print signage and handouts through FSC-certified printers and/or paper made of post-consumer content and use non-chlorine inks such as vegetable or soy
- Exhibitor giveaways for attendees are utilitarian items that are sustainably made and recyclable

TERRACYCLE:
TerraCycle generously donated Zero Waste Boxes™, which can collect and recycle almost any type of waste. TerraCycle provided boxes for exhibitors and attendees to dispose of items from shipping materials to coffee cups throughout the two-day event. Many of these items would have ended up in the landfill, and instead were sent to TerraCycle to be repurposed following the event. Lincoln Financial Field is now partnering with Terracycle for their waste needs as a result of this year’s Summit.

Through the generous support of ClimeCo, the 2019 Summit offset its environmental impact with the following:

- 10 Renewable Energy Credits (RECs)
- 172 Metric Tonnes CO₂e carbon offsets (CO₂E)
- 86 Water Restoration Certifications (WRCs):
  - 86 CERTIFICATE #9991 06/28/2019

These certificates restore water to critically dewatered rivers and streams and helps restore the ecological, recreational and economic health of critical freshwater ecosystems. All WRC projects are certified by the National Fish and Wildlife Foundation’s strict set of criteria to ensure flow is restored to the environment in locations and at a time that will have optimum environmental benefit.

Equivalent to 86,000 gallons of water restored to critically dewatered rivers and streams or 17,200 standard 5 gallon water cooler containers.

Green Sports Celebration
Lincoln Financial Field Sidelines

On Wednesday evening, June 19, 2019, the Green Sports Alliance presented its annual Environmental Leadership Award to the United States Tennis Association (USTA). The Green Sports Alliance recognized tennis legend Billie Jean King, whose trailblazing efforts helped spur on the greening movement at the USTA Billie Jean King National Tennis Center (home of the US Open), as well as similar efforts throughout tennis and the sports world. Lauren Tracy, the USTA’s Director of Strategic Initiatives and current director of the USTA’s greening program, was also recognized for her work in successfully building the program.

2019 ENVIRONMENTAL LEADERSHIP AWARD RECIPIENT
Billie Jean King
American Former World No. 1 Professional Tennis Player

Award Accepted by Lauren Tracy
Director of Strategic Initiatives,
United States Tennis Association

Award generously donated by Tak Yoshino

Taste of Philly Sustainable Food Event

Renowned regional chefs provided A Taste of Philly during the Green Sports Celebration. Items served showcased unique and innovative concepts in sustainable food and beverage.

Click here to access all photos, videos, and presentations from the 2019 Green Sports Alliance Summit.
The annual Green Sports Alliance Summit is the largest and most influential gathering for the sports community to unite around sustainability. The event brings together hundreds of industry stakeholders to learn and share better practices and the latest innovations in greening operations, advancing the supply chain and engaging fans.

Why it Matters
The sports industry is uniquely positioned to make large scale impact in the sustainability performance of many of our largest public spaces. Sports teams also play a special role in influencing citizens and mobilizing communities to take action. The Summit seeks to highlight better practices for enhancing performance and fostering a dialogue with stakeholders and fans about environmental stewardship and social responsibility.

By convening and collaborating together, we can leverage the cultural and market influence of sports to promote healthy, sustainable communities where we live and play.

Find out more at greensportsalliance.org/summit
SPECIAL THANKS TO OUR PARTNERS!

SPORTS GREENING MOVEMENT PARTNERS:

The 2019 Summit was my first experience attending a Green Sports Alliance event. I found it extremely valuable. The topics and presenters were timely, relevant and informative. More important, the networking opportunities provided valuable connections to learn from others who are addressing similar opportunities.

CAROL MULLANY
Senior Director of Sustainability and Logistics,
University of Notre Dame
